<ul style="list-style-type: none"> • The effects of single use plastic on our oceans • Recycling and environment • Comparing coastal locations with our local area 		
Science:		
Materials		
Computing:	R.E.:	P.E.:
Programming	Stories Moses Told	Fundamental Skills Outdoor Games
Art and DT:	Music:	PSHCE:
Picture This Project	Chranga: Imagination	Relationships

Important Information

PE/Games

We will have one extended PE session per week. As the weather improves, we hope to be able to take our sessions outside. Children should come dressed in their PE kit on the day. All jewelry must be removed (or earring taped) prior to arriving at school. Long hair will also need to be tied up.

Our scheduled PE sessions are on Friday mornings

Enrichment Opportunities

A litter pick on school sight.

Our Home Learning Schedule

As a guide, the following homework will be set for Year 1 each week:

- 15 minutes reading per night (3 x per week or 4 x per week to earn dojo points)
- Weekly spellings
- Phonics books

We will also ask for a homework project each term. Ideas for these are suggested to the right.

Please remember to use Numbots and Bugclub as often as possible.

Suggested Homework Projects *Due in Monday 24th May*

Please note that your child may choose to present their home learning in a way that is different to those listed below.

- Upcycle a piece of single use plastic to give it another practical function, for example, a bird feeder using a plastic bottle (more ideas can be found online)
- **Produce a fact file for an influential person (e.g. David Attenborough, Greta Thunberg)**
- Take part in a litter pick in your local area and take photographs or create a diary entry of your experience
- **Research different ways that we can help our environment. What changes can we make at home to make a difference?**
